

Garden Assist Eco- Domestic

Our team at Garden Assist Eco has a wealth of knowledge and experience surrounding landscaping domestic properties. With over 25 years in the industry, our comprehensive understanding covers an extensive and vast range of landscaping and gardening techniques. All customers of Garden Eco Assist can be sure that they are receiving superior and specialist service from our team.

We are capable of landscaping both commercial and domestic properties and can provide a unique and bespoke service that is catered to your requirements. From soft landscaping to a serious renovation, our team of experts can offer specialised advice and guidance in regards to your specifications.

We specialise in offering our clients bespoke maintenance schedules that are specifically catered to bring the best out of your garden. Our team will liaise with you to ensure that we create the most personalised service. We will only work at times that suit you and can easily adapt our service to suit your requirements and budget. Our team has a wealth of experience and knowledge in regards to horticulture, so can adequately advise our customers in all manners of gardening.

Our experienced team proudly work with economical and environmentally friendly tools. We avoid all petrol machinery where possible and strive to find more eco-friendly alternatives. Our professional team are fully trained in all law and legislation surrounding the machinery that we operate and are supplied with the finest and highest quality PPE and safety equipment.

At Garden Eco Assist, we work to ensure that our clients are fully satisfied with our conduct and services. Our team are always impeccably dressed in a smart uniform whenever they attend a property and conduct themselves in a professional manner. Whenever our team are on your property, you can be assured that we will provide the most qualified service.

Our team are fully insured and qualified to carry out manual work on your property. Garden Eco Assist has public liability insurance and is a registered trade waste carrier. Our customers can have peace of mind knowing that Garden Eco Assist is a registered reliable and dependable service.

We believe that we must find greener and more environmentally friendly solutions. All of our gardening and maintenance services are designed to encourage the local flora and fauna to flourish. Every aspect of our landscaping is created with a deliberate and calculated to create an ideal habitat for wildlife to prosper.

All maintenance schedules and packages are environmentally conscious and adhere to our promise to provide greener solutions. When you choose to work with Garden Eco Assist, you
