

### **Rose Lane- Cosmetology Training Liverpool- Home**

At Cosmetology Training Liverpool, we offer superior and intensive training courses to help mould the innovative and modern therapists of the future.

Based in the heart of Merseyside, we are fully accessible from both roads and public transport links. We pride ourselves on offering the highest quality tutoring and training to all of our students. Our team ensure that all trainees are developing a comprehensive skill set in many of the high demand areas of the beauty industry.

At Cosmetology Training Liverpool, we understand that many training cosmetologists that wish to develop and enhance their skills through training cannot commit to a full-time course. Our team can deliver courses at the weekend and throughout weeknights to accommodate our students. Our students love that they can work while they study with us. At Cosmetology Training Liverpool, we are flexible and work to fit around you and your requirements.

We specialise in providing intensive short courses that are specifically designed to offer our students the very best service. All classes are run in small groups to ensure that students receive plenty of personal time with their tutor. Students are assured to receive ample opportunity to ask any questions or seek further support from their experienced teachers throughout the day.

Courses in cosmetology can differ significantly, depending on who they are held by. With such a variety of courses delivered in a range of different ways, it can be difficult to ensure quality control in our industry. This is why all courses offered at Cosmetology Training Liverpool are hosted at our fully equipped clinic in Childwall, Liverpool. From our base of operations, we train our students by offering classes, demonstrations and practical assessments. This is to ensure that all of our students are adequately assessed, both theoretically and practically.

All courses run by our team are ABT (Associated Beauty Therapists) accredited. This means that our graduates can quickly source insurance to begin trading following completion of their course. All tutors at Cosmetology Training Liverpool are highly trained and can guarantee our students full and comprehensive training.

Our innovative courses are available for beginners and more experienced beauticians and therapists looking to expand their portfolios and offer their clients more sophisticated and specialised treatments. We provide training in the following procedures;

- Hair Enhancement Courses
- HIFU Facials
- HIFU Body and Cryolipolysis

B Creative.

B Different.

All courses at Cosmetology Training Liverpool are flexible and moulded to suit your requirements. If you are currently in full time employment or struggle to find childcare services, our team can offer you bespoke training that can work for you. We are passionate about providing our students with the knowledge and skillset to help them gain financial independence and fulfil their goals and aspirations.

If you would like to book a course or discuss them further with one of our talented tutors, please do not hesitate to contact us. We are happy to help you find the perfect fit and support you in your career progression.
